Classes of Information	<i>Nine broad categories describing the types of information authorities should publish (if they hold it).</i>

Background

The Freedom of Information (Scotland) Act 2002 (FOISA) requires that all housing associations/co-operatives in Scotland must produce and maintain a publication scheme. This must detail all of the key information that we publish and how you can access it. This Guide to Information is our publication scheme, and contains links to where you can find all of the information listed online.

Oak Tree Housing Association Ltd has adopted the Scottish Information Commissioner's (SIC) [Model Publication Scheme \(MPS\)](#), and this Guide has been approved by the SIC.

Formats other than online

All of the information listed is available on our website (unless stated), and completely free to access online. However, we understand that not everyone will have online access and where this is the case you can contact us to view this in our office (where this would be convenient).

If you would like a printed copy of any of the information listed, unfortunately we may have to charge a small fee to provide this. This fee will never exceed the cost of photocopying and postage – and we will let you know any total cost before we forward this to you.

Our charges for providing any information detailed in this guide are summarised below:

Format	Charge
Online	Free
View at our office	Free
Print in black and white	10p per A4 sheet
Print in colour	20p per A4 sheet
CD Rom	£0.50per disc
Posted document/CD Rom	Cost of postage incurred

If you would like to request information that we publish in a format other than online, or arrange a visit to our office to view information, please contact:

Kirsty Davis - Office Manager – info@oaktreeha.org.uk Tel 01475 807000

Information that we cannot publish

Whilst we will try to make all of the information we have detailed available, in rare cases there may be some information that we cannot make available. For example, sometimes if we were to publish certain Committee minutes, it could reveal personal details about an individual. This would be a breach of Data Protection legislation if we were to do so. When this is the case, we will remove any personal details before publication and highlight where and why we have done so.

For how long will information be published?

We aim, where possible, to publish information for at least the current and previous two financial years. When we review any document – e.g. our policies – to avoid confusion we will only publish the current version once it has been updated.

Copyright and re-use

Where we hold the copyright on our published information, the information may be copied or reproduced without formal permission, provided that:

- It is copied accurately
- It is not used in a misleading context
- The source of the material is identified

The Information that we make available to you

Under the MPS, the information we provide must be listed under certain “classes” of information. These are the categories of information that are detailed below. As FOI applies to other bodies and sectors across Scotland – such as Scottish Government and Councils for example –this means that not all of the categories in the MPS apply to housing associations/co-operatives.¹

The details of all the information we hold under each of the classes that apply to our organisation, and hyperlinks to access this information when available online, are outlined below.
